FIFTH EDITION

We came together once again some time back, to share our ideas of what Elysian means to us. And once again, we have sought to coalesce those ideas and realise them in a form we hope you admire.

Taking its theme from the beauty of the natural world, Elysian 5

speaks to us of living texture. By necessity and design, nature uses texture to promote elusiveness as a survival mechanism. We have refined that concept to represent the elusive nature of the perfect dart form.

POWER 8ZERO

POWER 8ZERO

Phil, in conjunction with Target's team of designers has collaborated to produce the 'Power 8-Zero' range.

After this exquisite range is machined from an ultra-dense 80% tungsten billet, the dart is handloaded into a

Japanese CNC lathe for its machining process.

The addition of the laser etched Power 8Zero logo, steel points, the Target Pro Grip shaft, and Vision Ultra flights complete a truly stunning dart.
