SIXTH EDITION

“Making something perfect isn’t just about the final result. It’s also about going through the process of crafting and creating”

Our UK based team makes regular visits to Japan to assist Target Japan in various creative projects. From the food, to the architecture, to the technology and the people - they’ve been captivated and inspired by the country’s unique culture.

Elysian Sixth Edition is Target’s homage to Japan. It’s an impression of what our team has seen, experienced and loved.

POWER 9FIVE - G7

POWER 9FIVE GENERATION 7

The Phil Taylor Power 9-Five Generation 7 shares dimensions from the Generation 4 design, though now features additional CNC milling on the barrel nose. Complimented with a new titanium shaft with heightened grooves, the barrel is finished with a silver titanium nitride coating and hand sandblasted at the rear and inside the radial grooving to create a distinct matte texture for added grip. The Gen 7 is completed with Phil's signature flight range and Diamond Pro Swiss Points.
