THE FORCE BEHIND DARTS™

## WINMAU'S OBSESSION FOR QUALITY STEMS FROM OVER 70 YEARS OF UNRIVALLED INNOVATION

### THE FORCE BEHIND QUALITY

When it comes to engineering, technology and quality Winmau is an established pioneer. From the moment our darts equipment carved out a powerful advantage on the oche, we have continued to take giant steps forward in craftsmanship and technological innovation, setting new standards while remaining true to our heritage.

### THE FORCE BEHIND THE BRAND

Winmau is brimming with passionate darts people. People with character who put dart players first to inspire their every darts journey. We are the most televised dart brand globally and export to over 100 countries worldwide in our pursuit of encouraging more people to take up the sport we love.

### THE FORCE BEHIND TECHNOLOGY

Winmau is the largest manufacturer of premium bristle dartboards and military grade tungsten darts in the world. Hand-crafted quality, distinctive design and superb performance are all characteristics of our products, and they evolve from our own purpose-built factory. No other company strives to continually improve and to invest so many resources into finding even the smallest improvement in every product.

### OUR PROUD PARTNERS

Winmau's creative driving force to promote darts is shared far beyond our factory walls, with many close partners contributing in a tradition of collaboration that is reinforced year after year. Below, you'll see some of our extraordinary partners and brands with which we continue to drive the sport forward.

# CELEBRATING 20 YEARS OF BLADE EVOLUTION

2017 marks the 20th anniversary of the most iconic dartboard in the world: The Winmau Blade! Winmau has been the forerunner of the darting success story and has been responsible for many of the huge advancements in the technology behind the game. Nothing illustrates this more clearly than the Blade dartboard. Since 1997, each iteration of the Blade dartboard has been recognised as the finest and most durable in the world.

DUAL CORE® DARTBOARD

DUAL CORE®  
TECHNOLOGY

Triple-wheel lock and level system  
to easily secure the dartboard to  
virtually any surface

14% reduction in web surface  
area for less bounce outs and  
higher scores

Bullseye and 25 ring featuring  
carbon diffusion technology for an  
ultra-hard surface

PATENT NO. 2507762

4

**WINMAU**  
THE FORCE BEHIND DARTS™

3009

BLADE 5 TECHNOLOGY

DUAL CORE TECHNOLOGY

ROTA-LOCK SYSTEM

APPROVED SPECIFICATION

EXCLUSIVE BDO ENDORSEMENT

HI-VISIBILITY SISAL BASE

BEST-IN-CLASS DURABILITY

## THE WORLD'S MOST ADVANCED DARTBOARD

- The pinnacle of dartboard technology, innovation and durability
- Lower compression outer core with higher compression inner core results in the ultimate dartboard base
- Stunning high visibility playing surface provides perfect vision
- Superior wiring system provides opportunities for maximum scoring potential
- Unique Rota-Lock technology completes the most acclaimed and advanced dartboard in the world
- Anti-Glare number ring, game of darts booklet and checkout table

## 5th GENERATION BLADE™ TECHNOLOGY

### INCREASED SCORING AREA

New Blade 5 wiring system allows for 9mm extra scoring area in the doubles and 8mm extra scoring area in the trebles

14% reduction in web surface area for less bounce outs and higher scores

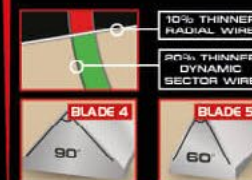

14% LESS WEB SURFACE AREA

### WIRE EVOLUTION

Blade angle reduced from 90 degrees inclusive to 60 degrees inclusive for the ultimate in low bounce out technology

Acute angles over 30% sharper to help deflect incoming darts into the board to increase scoring and reduce bounce outs even further

HIGHER SCORING POTENTIAL

### ENHANCED TENSILE STRENGTH

Over 20% increase in the UTS (Ultimate Tensile Strength) of the Dynamic Sector Wire to ensure that dart points glide past the wire and into the scoring bed

Cold rolled for improved molecular structure of the steel, extra strength and the ultimate in wire durability

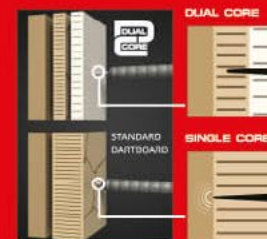

Now bullseye and 25 ring featuring carbon diffusion technology for an ultra-hard surface, allowing dart points to glide past the angled rings into the board for improved performance and durability

20% INCREASE IN ULTIMATE TENSILE STRENGTH

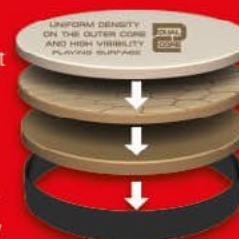

BLADE 5 DUAL CORE / BLADE CHAMPIONS CHOICE DUAL CORE / BLADE 5 DUAL CORE GREEN ZONE / BLADE 5

## THE DUAL CORE® ADVANTAGE

**DUAL CORE**  
Lower compression at the outer core reduces surface resistance and increases point penetration for fewer lost darts and higher scores

**SINGLE CORE**  
Higher compression at the inner core increases resistance below the surface, absorbing excess kinetic energy for improved durability

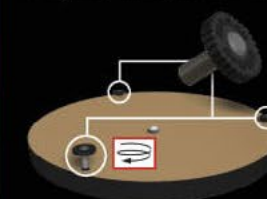

Pure sisal outer core with uncompromised playing surface for perfect vision and easier alignment

The world's most advanced dartboard featuring Dual Core Technology. (Patent No. 2507762)

BLADE 5 DUAL CORE / BLADE CHAMPIONS CHOICE DUAL CORE / BLADE 5 DUAL CORE GREEN ZONE

## THE ROTA-LOCK™ ADVANTAGE

Triple-wheel lock and level system to easily secure the dartboard to virtually any surface. This unique and exclusive system allows for a quick and solid fix to the wall. Each wheel can be easily adjusted to enable perfect radial alignment and levelling.

Easy set-up  
Enables simple dartboard rotation

Can be used on uneven surfaces

LOCKED POSITION  
Secure the dartboard to the wall for zero movement. Adjust the dartboard while the board is in situ. No need for removal

# FLIGHTS

## RHINO™ PLAYERS FLIGHTS

Winmau's 25% thicker Rhino flights are extra tough, strong and are built to last longer than standard flights.

## SPECIALIST PLAYER FLIGHTS

Unique aerodynamically designed flights developed with the stars of Team Winmau.

## PLAYER MEGA STANDARD FLIGHTS

Winmau's flights create optimal motion of air across the flight surface for greatly reduced drag

## RHINO™ SLIM EXTRA THICK FLIGHTS

Rhino Slim flights are designed for minimal resistance of air across the flight for maximum speed dynamics.

## RHINO™ STANDARD EXTRA THICK FLIGHTS

Winmau's 25% thicker Rhino flights are extra tough, strong and are built to last longer than standard flights.

## RHINO™ 150 PLUS ULTRA THICK FLIGHTS

Winmau's Rhino Plus 150 flights are double the thickness of the Mega Standard range, which results in prolonged flight life and increased stability. Please note, these flights are not suitable for aluminium shafts and are only available in poly bags or bulk.

#WINMAU

# FLIGHTS

## PEAR POLY FLIGHTS

Winmau's Pear Poly flights are precision shaped for superb weight distribution and ultimate throw confidence.

## 3D STANDARD FLIGHTS

Winmau's 3D standard flights with enhanced metallic effect are designed for optimal motion of air across the flight surface for greatly reduced drag.

## EMBOSSED STANDARD FLIGHTS

Winmau's embossed three-dimensional design flights raise the surface level of the flights for efficient air flow and a better finish.

## KITE POLY FLIGHTS

Winmau's Kite flights fin design gives a perfect mix of distance control and playability.

# MEGA STANDARD FLIGHTS

Winmau's flights create optimal motion of air across the flight surface for greatly reduced drag

# MEGA STANDARD FLIGHTS

#WINMAU

# STEALTH™

The Winmau Stealth's perfect 90° X-Wing technology delivers class-leading flight stability, the best critical angles of attack and optimum drag coefficients. The Stealth is the strongest, lightest fibre-reinforced product on the market. Flights and shafts sold separately.

# DART ZONE

## SPIRIT MASTER™ 8391

FOR SOFTIP DARTBOARD ALIGNMENT

Perfectly align any steeltip or electronic dartboard every time. High visibility vial for simple and accurate dartboard alignment. Rigid material maintains radial accuracy of +/- 0° 15' 0" (DMS). Unique radial tracks underneath for softtip electronic dartboard web alignment.

Registered design #015861

## DARTS HUB™

Capacity for 3 sets of fully assembled darts, 5 sets of shafts and multiple flights. Huge additional accessory storage space and 3 containers for secure storage of smaller accessories. Includes a dart Point Sharpener and a Checkout Table.

Dimensions: 27 cm x 20 cm x 7cm

8661

## SIGHTRIGHT® 2

SightRight 2 works in 4 easy steps to give Perfect Dart Vision so you can position yourself consistently on the oche. The patented design guarantees perfect sighting and prevents sighting across the line aim (like 99% of TV dart professionals). SightRight 2 straightens up the path of your darts into the dartboard dramatically reducing blocked doubles and trebles.

8207

## XTREME™ DARTBOARD STAND 2

4020

Head bracket

Includes wall support stabiliser

Accessory tray

Includes 4 legs for additional stability

Approximate dimensions collapsed: 15 x 15 x 170cm

Portable and compact unit to allow you to play wherever you go. Adjustable with a lockable height setting so that you can always get a perfect dartboard height even if the floor is uneven. Easy to assemble and includes wall support stabilisers to reduce movement.

8510

## LASER OCHE™

Hi-tech laser beam with adjustable line distance to mark your throw line. Compact unit, which easily attaches to a wall or cabinet. Battery operated (not included).

## RICHARD ASHDOWN'S CHECKOUT TABLE 8750

Pocket-sized 3 and 2 dart checkout table. Developed in conjunction with the BDO's official Master of Ceremonies "Little" Richard Ashdown.

## SETUP PRO™

Set up your dartboard to the correct height and your oche to the right distance. Includes vertical and diagonal measurements. Official World Darts Federation dimensions as well as softip and WDDA disability darts setup.

8303

## OCHE LINE™

8762

Easy to apply and sticks to all hard surfaces. Precision toe line-points for exact foot placement. Manufactured from durable material to prevent early wear.

## DRY WIPE SCOREBOARD 8658

For '01 and Cricket matches with 3 sets, 5 legs official match scoring. Double sided with dry wipe and chalk scoreboard. Complete with 2 pens. Chalk not included.

Dimensions: 45.7cm x 35.8cm

# CABINETS

Manufactured in-house to our exacting standards, these deluxe, high quality veneer-effect dartboard cabinets are suitable for all Winmau bristle dartboards. All cabinets are supplied in full colour lithographic cartons and feature Home and Away easy-wipe scoring panels with exclusive BDO logo and magnetic closure system. Complete with fixings and fitting instructions.

## XTREME™ DART MAT

8201

- Professional, heavy-duty mat with official tournament specification oche measurements
- Durable mat suitable for both home use and pub/club
- Branded, styled and coloured to bring life to any darts set up
- Brings safety, style and a degree of professionalism to your game

## OUTSHOT™ DART MAT

8209

- The world's first full length soft-feel fibre dart mat featuring non-slip PVC composite edging and underlay
- Features official tournament specification oche measurements and is printed with every finish from 100 to 41
- Non-slip underlay lays flat to the floor and the Outshot Mat is versatile, light-weight and easy to roll up and store away
- Stylish, modern functional design

32mm Ringed Black Points  
8371B

32mm Ringed Silver-Effect Points  
8371S

41mm Extra Long Black Points  
8373

41mm Re-grooved Points  
8376

Note: When inserted into the dart, between 5mm and 6mm of each point enters into the barrel of the dart. Therefore a 32mm point will only show 26mm or 27mm of the actual point.

## TRIDENT 180®

8805 8806 8807 8808

Bounce outs reduced by up to 50%. Flight life extended by up to 6 times. Eliminate dart-on-flight deflections. Increases aerodynamics and flight protection. Compatible with standard points only.

## PRO-LOCK™ SHAFT RINGS

8411

5 sets per pack  
Manufactured from our premium light-weight Inox Steel with a sleek low profile to hold and secure any flights. Easy to fit on any Winmau nylon/polycarbonate shafts allowing you to play stress-free darts.

## SOFTIP POINTS

8600

Durable, high quality softtip dart points. Approximately 30 per pack.

## SHAFT AND SOFTIP POINT REMOVER

8406  
Plain Aluminium

8407  
Anodised Aluminium

8408  
Anodised Aluminium

Remove broken shafts and softtip points in seconds. Precision-machined from high grade aluminium for the ultimate in durability.

## WHIZLOCK™

Designed in partnership with Simon Whitlock

Shaft Caps Available in Black / Silver  
8368

Flight Punch and Black Caps  
8365

Locks flights in place and increases nylon shaft life. Reduces dart-on-dart bounce outs by more than 50%. Only for use with nylon shafts.

## PRO KEY RING SHARPENER

8660

Help keep your steeltip dart points sharp to avoid costly bounce outs with the Winmau Keyring Dart Sharpeners.

## KEY RING SHARPENER

8550

## DIAMOND® POINT SHARPENER

8389

Retractable dart point sharpener made with a genuine fine coated diamond grit roughing surface. Built to last and is supplied with a pocket clip.

## STICK-ON PATCH - 8392

## SEW-ON PATCH - 8751

# WORLD DISABILITY DARTS ASSOCIATION

## WINMAU® ARE PROUD SUPPORTERS OF THE WORLD DISABILITY DARTS ASSOCIATION

The WDDA was founded by Russ Strobel, and its primary aim is to promote equal opportunities for those with disabilities as well as utilising the fantastic rehabilitation and social aspect the sport of darts provides.

The WDDA have successfully gained official WDF recognition that a board set at 137cm is a fair and equivalent height for a wheelchair player compared to the standard board height of 173cm for a standing player. The WDDA have also developed The Satellite, which caters for those with an even wider range of disabilities.

Winmau, in conjunction with the WDDA and their UK partner (the BDDA) have introduced the Road to the Winmau Tour to provide a full tournament schedule culminating in the ultimate prize - the chance to be crowned the Winmau WDDA World Masters champion!

For further information on the WDDA and to purchase the Wildfire 137 or The Satellite, please visit [www.world-disability-darts.org](http://www.world-disability-darts.org) or email Russ Strobel: [allbrothers@bigpond.com](mailto:allbrothers@bigpond.com) You can follow the WDDA on Facebook, and also the BDDA on Facebook and Twitter: @BddaWdda
